

NAMED STORM WINDSTORM DEDUCTIBLE

(Entries required to complete the Schedule will
be shown below or on the Declarations.)

Schedule

Named Storm Windstorm Deductible: \$

DEFINITIONS

The following definition is added:

"Named Storm" means a storm system that has been declared and named by the National Weather Service. The duration of the "named storm" includes the time period, in Virginia:

- a. beginning at the time a storm is designated a "named storm";
- b. continuing for the time period during which the "named storm" conditions exist anywhere in Virginia; and
- c. ending 72 hours following the termination of the last "named storm" watch or warning issued for any part of Virginia by the National Weather Service.

HOW MUCH WE PAY FOR LOSS OR CLAIM

The following is added to the Deductible provision:

Named Storm Windstorm Deductible -- This applies to Principal Property Coverages A, B, and C and all Incidental Property Coverages except Emergency Removal; Fire Department Service Charge; and Grave Markers.

The "named storm" windstorm deductible is the only deductible that applies to loss or damage caused by a "named storm". If a windstorm is not declared to be a "named storm" and there is loss or damage to covered property, the applicable deductible is the deductible that applies to loss due to windstorm.

"We" pay only that part of the loss caused directly or indirectly by windstorm that is more than the "named storm" windstorm deductible amount shown in the Schedule above.

The deductible applies per occurrence. If this policy covers more than one residence, the deductible applies separately to each residence.

The deductible applies regardless of other causes or events that contribute to or aggravate the loss, whether such causes or events occur before, at the same time as, or after the loss caused by a "named storm".

All other "terms" of the policy apply.
